REPORT ON SHIPPING

To the Honourable

J. D. HAZEN,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the twenty-third List of Shipping issued by this Department. It has been compiled chiefly from records kept in the Department, and care has been taken to make it as complete and accurate as possible. Motor vessels are distinguished from steamers, by printing their names in italics.

At the end of the List will be found a statement of the names of the vessels which have been registered, or have been removed from the Register Books, while the List was in the course of preparation.

The total number of vessels remaining on the Register Books of the Dominion on the 31st of December, 1913, was 8,545, measuring 896,965 tons, being an increase of 155 vessels and 60,687 tons, as compared with 1912. The number of steamers on the Register Books on the same date was 3,847, with a gross tonnage of 711,512. Assuming the average value to be \$30 per ton, the value of the net registered tonnage of Canada on the 31st December, 1913, would be \$26,908,950.

The number of new vessels built and registered in the Dominion of Canada during the year 1913, was 344, measuring 40,164 tons net register. Estimating the value of the new tonnage at \$45 per ton, gives a total value of \$1,807,380.

A comparative statement showing the tonnage of each of the Maritime States of the world is again given.

During the year 291 vessels were removed from the Register Books, and a detailed statement is given showing the cause of their removal.

It is estimated that 43,968 men and boys, &c., inclusive of the masters, were employed on ships registered in Canada, during the year 1913.

RAPPORT SUR LA MARINE MARCHANDE

A l'honorable J. D. HAZEN,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la vingt-troisième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible. Les vaisseaux à moteur sont indiqués, indépendamment des vapeurs, en italiques.

On trouvera à la fin de la liste le tableau des vaisseaux ayant été enregistrés ou biffés des registres alors que la liste était en cours de préparation.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1913 était de 8,545, d'un tonnage de 896,965 tonneaux, ce qui donne une augmentation de 155 vaisseaux et de tonnage de 60,687, par rapport à l'année 1912. A la même date, le nombre des vapeurs figurant au registre était de 3,847, d'un tonnage brut de 711,512 tonneaux. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre 1913 serait de \$26,908,950.

Le nombre total des vaisseaux construits et enregistrés au Canada durant l'année dernière a été de 344, d'un tonnage de 40,164 tonneaux. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur de \$1,807,380 pour les nouveaux vaisseaux.

La liste contient aussi un tableau comparatif, indiquant le tonnage de chacun des pays maritimes du monde.

Durant l'année écoulée, 291 vaisseaux ont été biffés des registres pour les raisons données.

On estime à 43,968 le nombre des hommes et des garçons, etc., y compris les capitaines, qui furent employés à bord des vaisseaux enregistrés au Canada, pendant l'année 1913.

STATEMENT showing the number of Vessels and number of Tons on the Registry Books of the Dominion of Canada, on December 31, 1913.
